

NO MORE SCRAMBLING THROUGH REAR DOORS OF PANEL VANS

Stretching and scrambling through the rear door of your panel van is out when you fit a Canopy Industries swivel driver's seat.

The special swivel attachment enables the front seat to swing forward.

This provides ample space for movement in and out of the vehicle through the conventional door opening.

The new swivel front seat can be fitted by Canopy Industries in a few short hours. The price: £7/10/-, including fitting and sales tax.

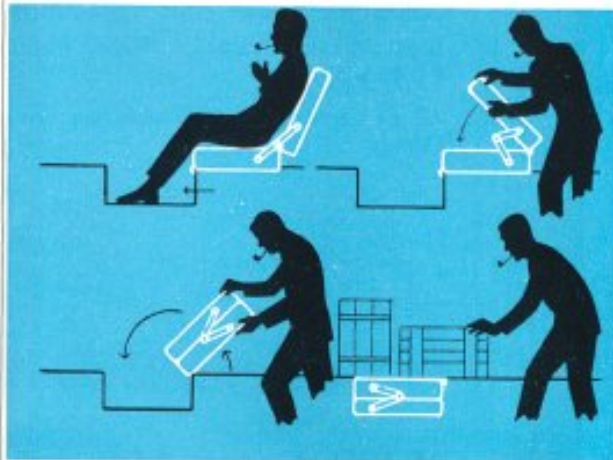

CANOPY INDUSTRIES PTY. LTD.

thanks to the exclusive

FOLD-A-WAY SEAT

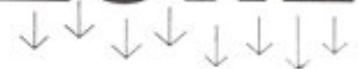

The Canopy Industries Fold-A-Way seat is a must for all panel van and utility owners. This exclusive unit is quickly and easily moved in and out of position in your vehicle, adding greatly to passenger comfort and NOT affecting the payload space.

When stowed, the Fold-A-Way seat fits flush with the floor of the panel van or utility. Canopy Industries will fit a Fold-A-Way seat to your vehicle in a day. The price: Medium width, £35; full width, £42/10/- (including fitting and sales tax).
